## Straw, Wool, Fur, Manilla,

And all other kind of hats at half value at Tom Harrison's.

## Fine Strawberries.

Mr. E. A. Collins sent us a few "Jumbo" strawberries last Monday. They were very fine, but the plants were set out this spring and should not have borne any this season. He only let a few bear to test them. The berries are nothing compared with what they will be next spring. He also sent us one box of the "Collins Improved Wilson." Mr. C. has taken great deal of pains to develop the old "Wilson" into this grand berry, and we think everybody will agree with us when they see these plants and berries that it is the finest berry ever grown in this country, taking into consideration its immense size, its delicious flavor and the immensity of productiveness. It is certainly more prolific than the old "Wilson," and will stand shipping better than any other berry grown. Everybody that is interested in strawberry culture should call at his field and see for themselves, and you will be astonished as well as delighted at the quantity, quality and size. He will have only a limited number of these plants for sale next fall and spring, and parties wishing either the plants from the "Jumbo" or the "Collins Improved Wilson," would do well to apply early.

## Hats half price at Harrison's.

If you want a set of genuine Rogers Triple Silver Plated Table Knives and Forks, Table and Tea Spoons, Brown & Dickson's is the place to find them.

## Don't Say Anything.

Why? Just let's go and get that wagon load of fine soap where they put in a silver spoon or a nice linen hand towel, all for a quarter, besides enough soap to clean out a well. All right, where's the place? Tom Harrison's where you get everything else O. K.

## SMALL CHANGE.

We cried a little, not much. Our Mayor is going to be a musician. We have heard of no out worms in this county. A fine show fell here Thursday afternoon.

The young ladies of Milan are fine croquet players. Ask Will Turner, what Uncle Aaron told him.

Jordan's soda water is pleasing everybody. It is excellent. A new schedule will go into effect on the L. C. road to-morrow.

Four beautiful young ladies called on us Thursday. Call again. The pay cars on both roads came in this week, and made the boys happy.

Rich Person has just repapered his shop, and it is inviting, real neat and cozy. Call and see him. The young people had a delightful time at an ice cream supper given by Mrs Alice Blanks, Tuesday night.

Let every child in town go to the picnic next Wednesday, whether they belong to the Sunday-school or not. Boys, organize you a base-ball club, and clean up Humboldt and Trenton. They are anxious to play Milan.

Mr. Brown will continue to sell tickets to New Orleans and return, until May 29th, good till June 1, for \$9.25. Our new postmaster informs us that he has ordered a fine lot of a new and beautiful line of spring style stamps. Call and see him.

Mr. E. M. Brown, ticket agent of the L. C. road, has sold during the Exposition 153 tickets from Milan to New Orleans and return. There will be a call meeting of Prospero Lodge, No. 24, K. P., next Monday night when every member is requested to be present.

Sylvia Vance, Kate Sleight and Ann House, all colored, had a general hair pulling last Monday. Marshal Lusk pulled them all before Mayor Martin.

Mr. W. P. Jacobs, who lives six miles east of town, sent us in two bunches of wheat five feet, six inches high, well headed. He says he has ten acres just as fine.

Parents, stop your children from reading the dime novels. The town is full of this trashy literature. They hide in ditches every spare moment, and devour every word in these books.

Under authority of Presiding Elder Whitten, the Rev W. J. House will take charge of Medina circuit temporarily, in place of the Rev W. S. Waters, who will be absent several weeks.

Mr. Wils Mathis sent to this office last Tuesday a fine horse hitched to a buggy, and asked us to try him. He was one of the finest buggy horses we ever rode behind. Call and see his turnouts.

A gentleman from Skull-Bone, Saturday drank too much tanglefoot, and proceeded to carmine the town, when Marshal Lusk ran him before Mayor Martin. The corporation has more cash.

Mr. W. C. Turner, a few days since, sent us a bag of excellent flour, just made with his new mill machinery. The sample was first-rate, and, if he keeps on with his improvement, we hope to see him run all other flour out of this market. Thousand of dollars are sent from here for flour which ought to be kept at home, and he will make an effort to stop it.

Will Williams was driving a mule to Dr. Clopton's dog-cart last Sunday, when it got frightened at a train and ran up Main into Jackson Street, throwing Will out against a brick house, cutting a painful gash on his head and bruising him considerably. The vehicle was pretty badly damaged.

The entertainment given by the Ladies Auxiliary, under the auspice of the Young Men's Christian Association, at the College last Friday night was a decided success socially and financially. Excellent music was furnished by the Milan band, and the program carried out by the young ladies, composed of vocal and instrumental solos and recitations pleased the audience. It was a pleasant and enjoyable event and will be long remembered by all who participated.

Rev. Mr. Godbey, the evangelist, who has been holding a revival at Brownsville, will be here to-morrow and commence a series of meetings at the Methodist Church. The Brownsville States and Bee says: "The revival meeting at the Methodist Church is still in progress, and will likely continue a few days longer. About ninety have been converted and the church generally revived. Rev. Mr. Godby has made a most favorable impression and accomplished great good; and he will always occupy a warm place in the hearts of our people."

Six hundred and one cases of strawberries have been shipped from here through the Express Company to Chicago, St. Louis and Louisville since last Friday.

Uncle Jim Blankinship has our thanks for a lot of the finest strawberries we ever saw. It took only twenty-five to make a full quart. He also showed us one that measured 6½ inches in circumference.

Mr. E. A. Collins has the thanks of the Exchange for a fine lot of large "Jumbo" and "Collins Improved Wilson" strawberries. They were the most delicious we ever ate. Call and see his different varieties at his residence, if you want a fine berry for shipping purposes. The Jumbo plant cost him 25 cents last year.

## NORMAL NOTES.

Strawberry picking has not injured the attendance as much as was feared. About three-fourths of the pupils have been in regular attendance this week. Parents who found it necessary to keep their children home this week are earnestly requested to send them in as soon as possible, so that they may finish up their work for the year and receive their standings for next year. It is very important that those pupils especially who are entitled to promotion are there to the last day, and very few pupils can be promoted if they are not there regularly until the close. Parents should all remember that if their children are not promoted, it is either because of irregularity of attendance, or inability from some other cause, to finish the work of their grade, and that the teachers know exactly the standing of each pupil. In order to maintain a successful and well-graded school, the patrons must submit the grading of the pupils into the entire control of the teachers, and they must realize that it is better for their children to remain in the same grade than to be promoted before qualified.

Arrangements are being made for a band time at the commencement, which will be in three weeks. The graduates intend to spare no pains to make the first commencement of the Milan Normal College a grand affair. We hope all the people of Milan will join us in making it a success, by attending themselves and inviting their friends from abroad.
